As such, the decimal Direct interface is designed with the customer in mind and provides:

- An internet-based method of ordering patient-specific medical devices for manufacturing by .decimal, LLC.
- The ability to view the real time status of ordered parts as they go through the manufacturing process.
- A direct link to the shipping vendor tracking system allowing the user to track the shipment or parts.
- The ability to download order summary reports for ordered parts.
- Options for managing email order and shipment confirmations.

How do I access decimal Direct?

If you are a first time user, and have not been assigned a user name and password or you have forgotten your user name and password, please contact .decimal's Customer Support staff at 1-800-255-1613.

Ordering Patient Specific Devices

The process for placing an order with a patient's custom files is through the p.d software. On rare occasions, it may be necessary to load .dec files that were created by the p.d software based on a patient's files. This is usually done by .decimal personnel.

If it becomes necessary to upload a patient's .dec files to complete an order, full instructions for uploading the patient's files and placing the order can be found [here](#), along with a list of possible error codes.
