Planning Version History

This page is intended to provide access to previous versions of the astroid userguide documentation. Below you will find the userguide for each released version of the astroid Planning App.

Planning App Version Schema

The Planning App follows the following schema for the app versioning:

- <Major>.<Minor>.<Maintenance or Patch>

The following table explains the version determination for new Planning App releases:

	Major	**Minor**	**Maintenance (Patch)**
Results API	new version can call earlier version's API	signatures are unchanged	signatures and outputs are unchanged
Non-Results API	(no guarantees)	(no guarantees)	signatures are unchanged
Record Organization	migration scripts provided	unchanged	unchanged
Data Types	(no guarantees)	automatic upgrades provided	unchanged
UI State	(no guarantees)	(no guarantees)	automatic upgrades provided

Finding the App Version

To find your application's current version use the top "View" menu and select "App Info"; the "Version" field will contain your current version of the App.

Using the current version of the application, find the appropriate user guide below.
